

Presentation

Launched in September 2003, the **JPO Alumni Association (JAA)** groups 1512 members as of 21 December 2010, and is viewed as a key contribution to the development of a cross-generational JPO community spirit.

The JPO Alumni Association promotes a lifelong connection to the United Nations' activities and the Organisation's ethical standards. More specifically, it aims at:

- Making use of the talents and resources of former JPOs to advocate the United Nations values;
- Fostering a community spirit and knowledge sharing among former JPOs;
- Facilitating job search for former JPOs.

For more information on the JAA, please visit our website: www.jposc.org / Alumni or contact the UNDP JPO Service Centre (JAA focal point: jean-luc.marcelin@undp.org).

Published every year by the UNDP JPO Service Centre, the **JAA Members Directory** aims at producing a yearly snapshot of the composition of the JAA, from which key statistics, as well as trends over the years, can be extracted.

The Yearly Directory is also meant to complement the online JAA Directory (www.jposc.org / Alumni / JAA Directory), whose access is restricted to the members of the JAA, and contains more detailed member information.

We trust that the **2010 JAA Members Directory** will strengthen the visibility of the JAA and further develop its activities. It will also allow the JPO Service Centre to refine its response to donor's follow-up requests and to support career development of current JPOs.

The UNDP JPO Service Centre would like to take this opportunity to thank the JAA Members for their continuous interest in the Alumni initiative and their contribution to the current document.

JAA Overview

JAA Members by Gender

Highlights:

The proportion of female Alumni members is slowly increasing over the years: 50% in 2006, 50.5% in 2007, 51.5% in 2008, 52.3% in 2009, up to 52.6% this year.

This progressive trend reflects the growing number of current female JPOs, who now represent 65% of the JPOs administered by the UNDP JPO Service Centre.

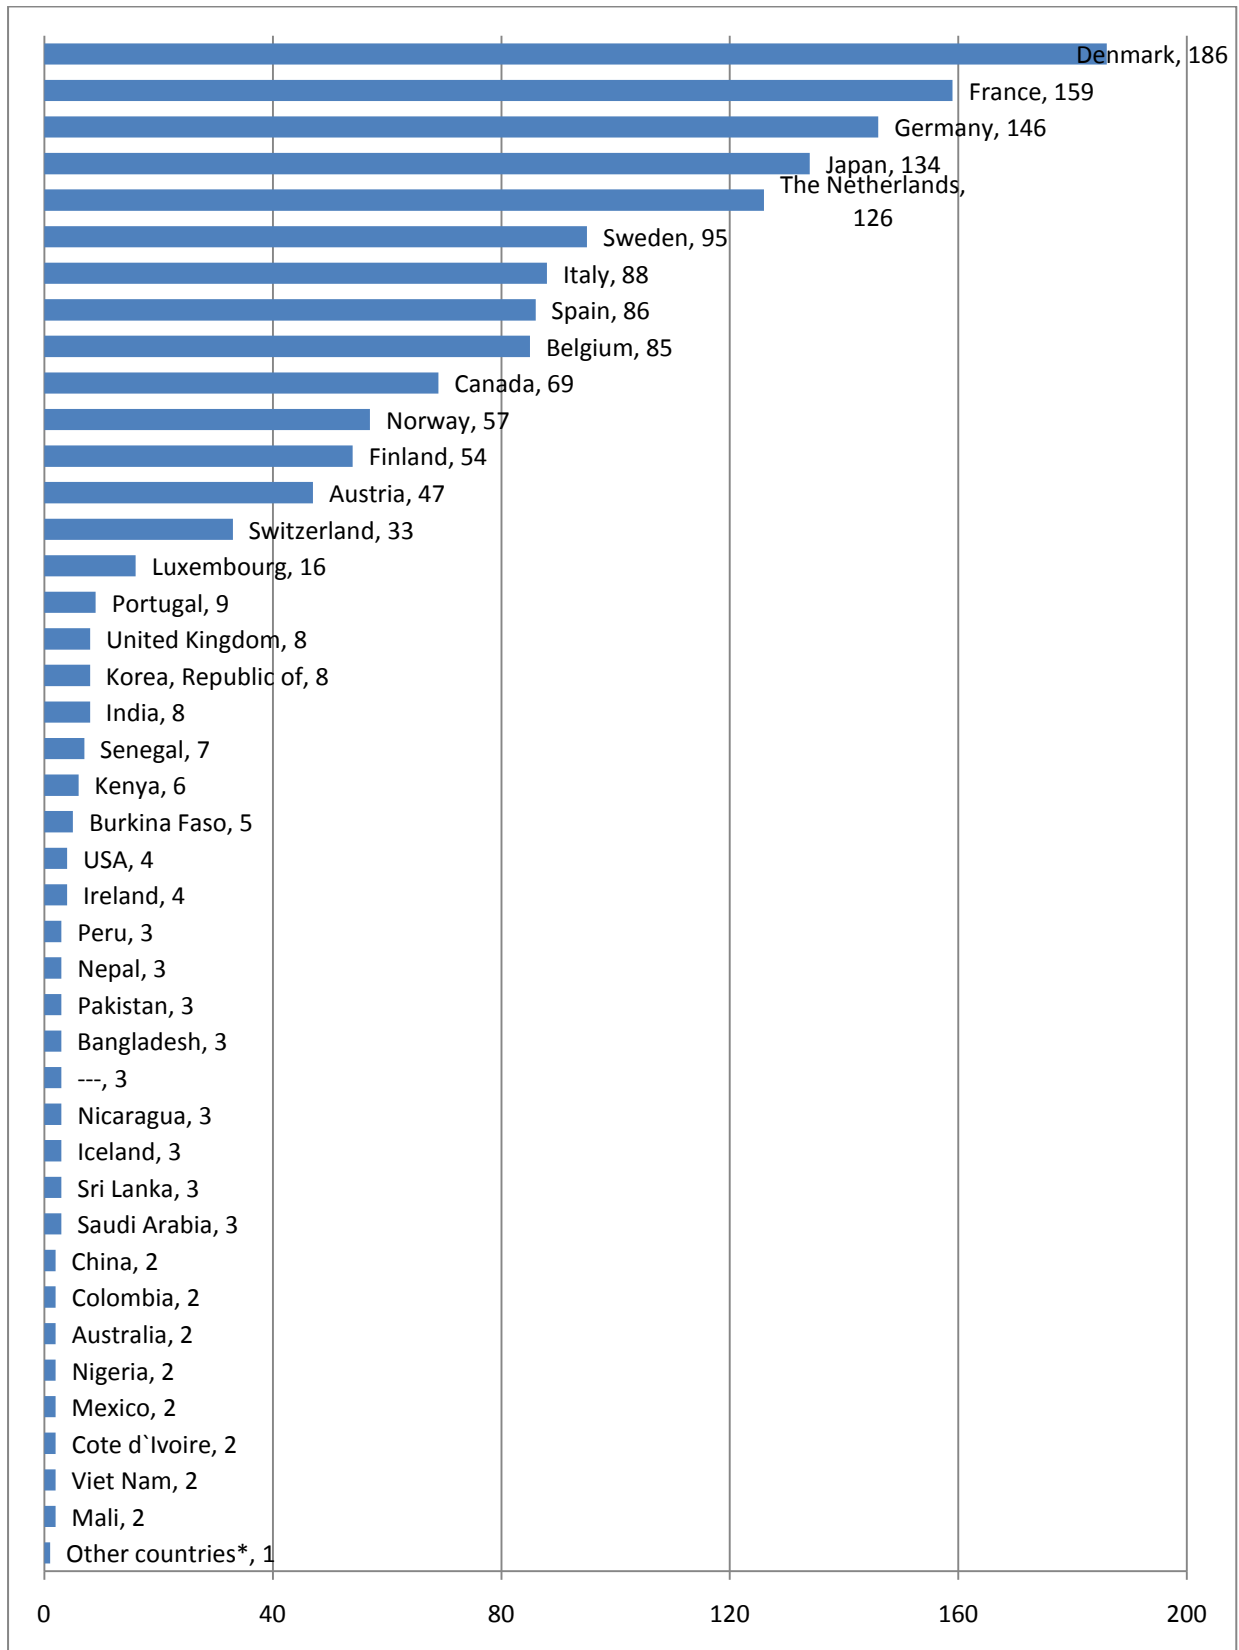

JAA Members by Nationality

Highlights:

- Alumni members hail from 69 countries (against 65 in 2009 and 59 in 2008)
- Half of the the Alumni members come from five countries: Denmark, France, Germany, Japan, and the Netherlands.
- The breakdown by continent is as follows: Europe 80%, Asia 12%, Americas 5% and Africa 3%

Detailed breakdown:

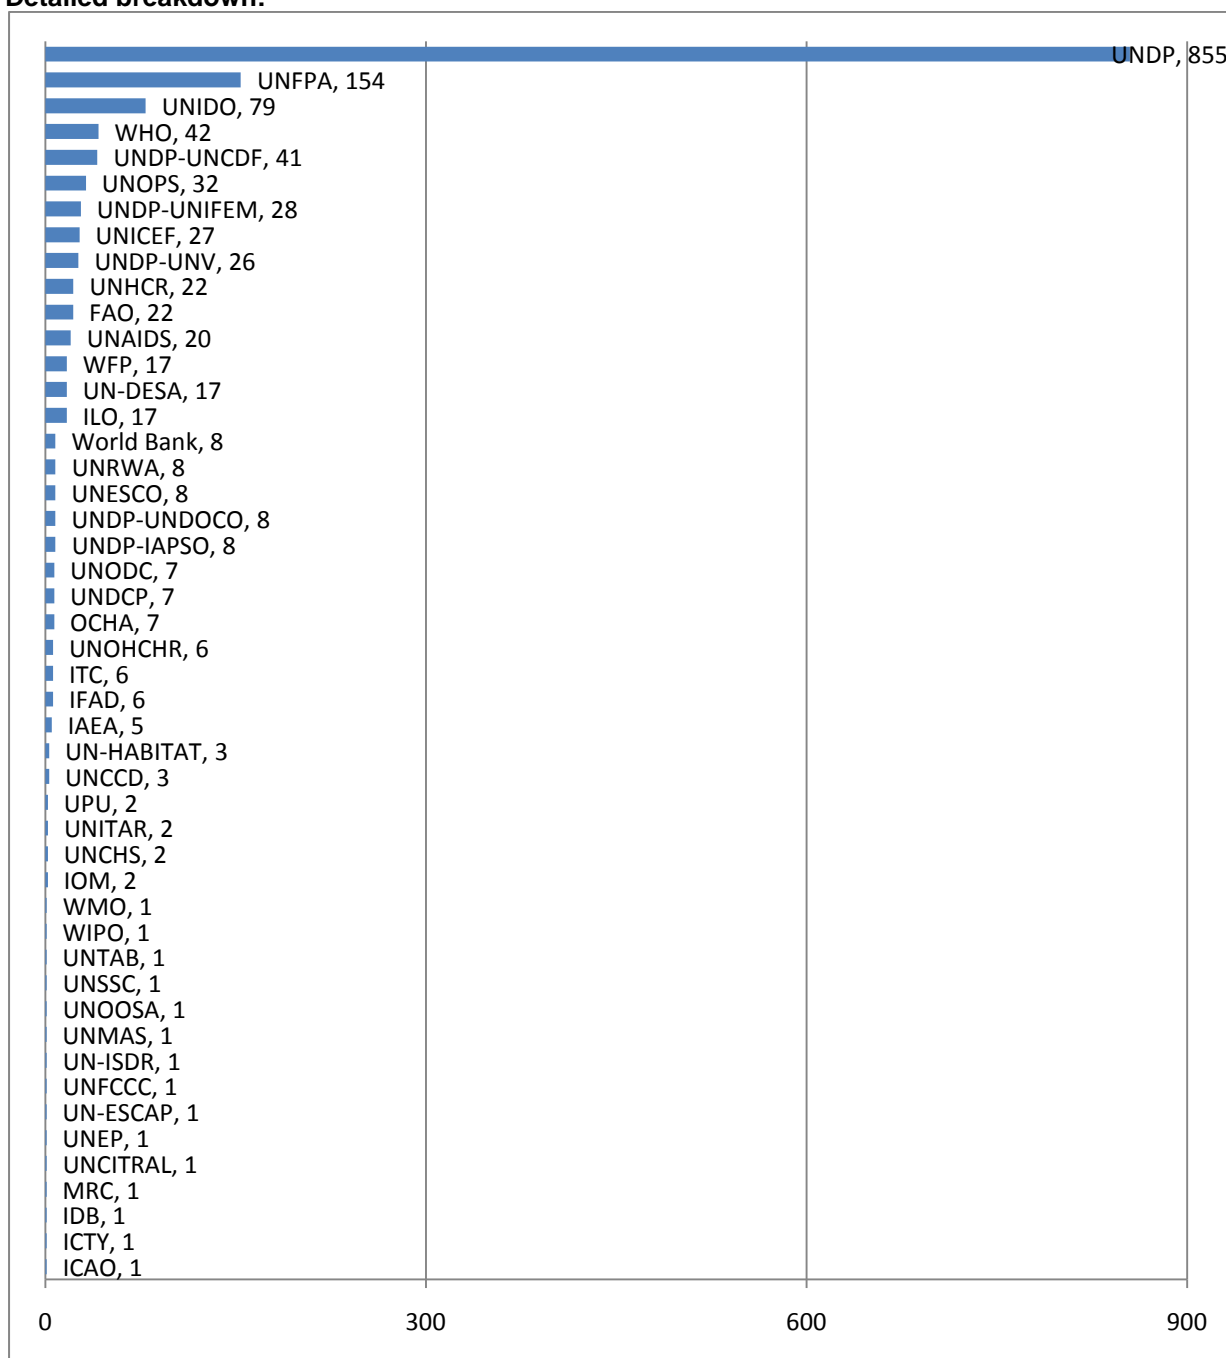

*1 member from the following countries: Bolivia, Brazil, Burundi, Cameroon, Chile, Comoros, Republic of Congo, Cyprus, Czech Republic, Egypt, Gabon, Ghana, Liechtenstein, Madagascar, Mauritania, Republic of Moldova, Philippines, Romania, Rwanda, Sierra Leone, Tanzania, Togo, Trinidad and Tobago, Turkey, Turkmenistan, Uganda, Uzbekistan, and Zimbabwe.

JAA Members by JPO Agency

Highlights:

- The JPO Alumni Association now comprises 1512 former JPOs coming from 48 different UN organisations or specific entities (44 in 2009, 34 in 2008, 28 in 2007 and 21 in 2006)
- 64% (67% in 2009, 73% in 2008 and 76% in 2007) of the Alumni members were JPOs with UNDP or an affiliated Agency (IAPSO, UNCDF, UNDOCO, UNIFEM and UNV). This high figure comes from the fact that the JAA was first created by UNDP. It is however decreasing along the years as the Association is open to all former JPOs from the UN System and as the database of former JPOs slowly becomes more comprehensive.

Detailed breakdown:

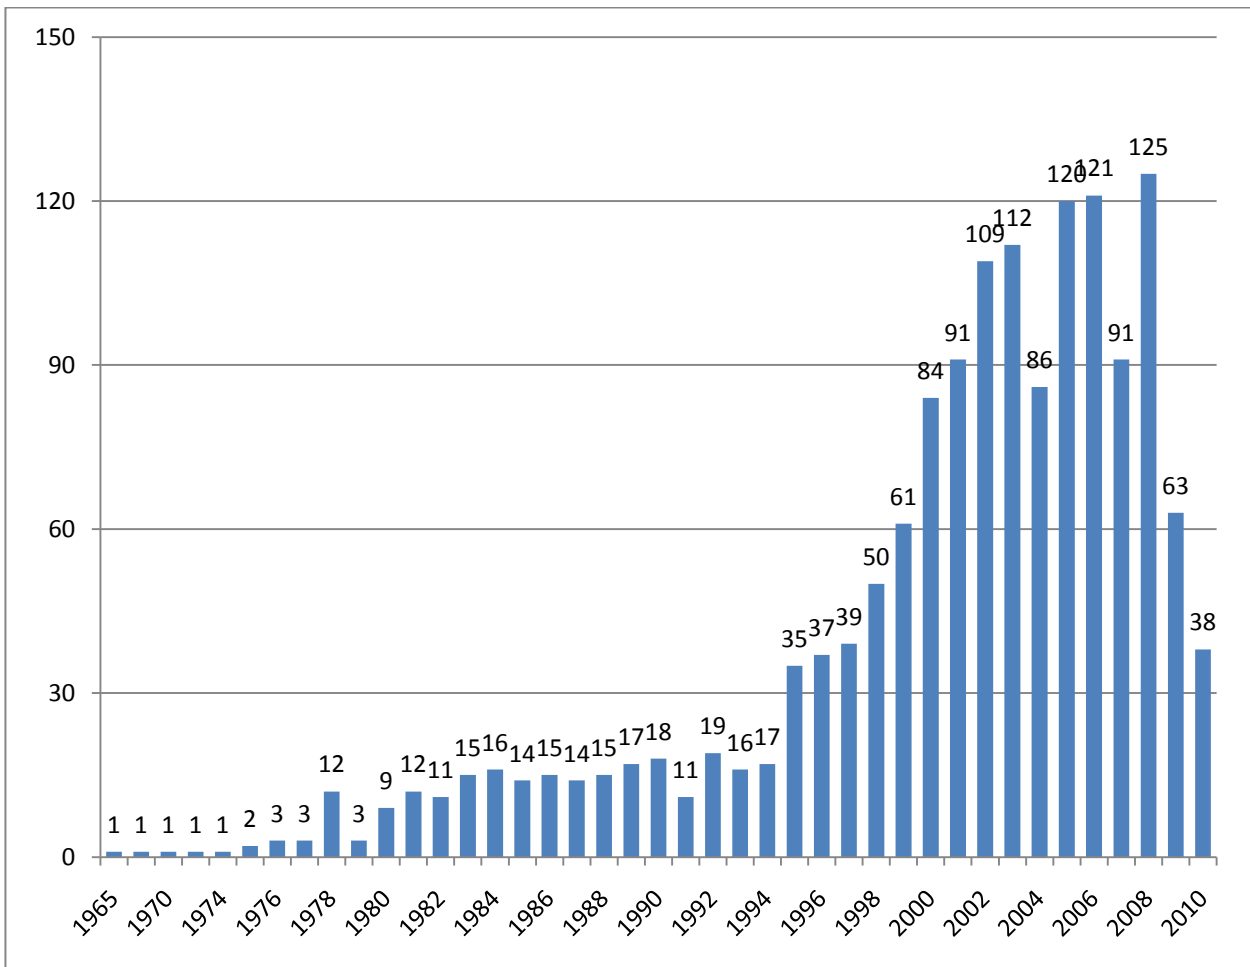

JAA Members by last Year of JPO Assignment

Highlights:

- Close to two thirds of the Alumni members ended their JPO assignment in 2000 onwards. Recently separated JPOs are overrepresented in the JAA as more information on their whereabouts is available.

Detailed breakdown:

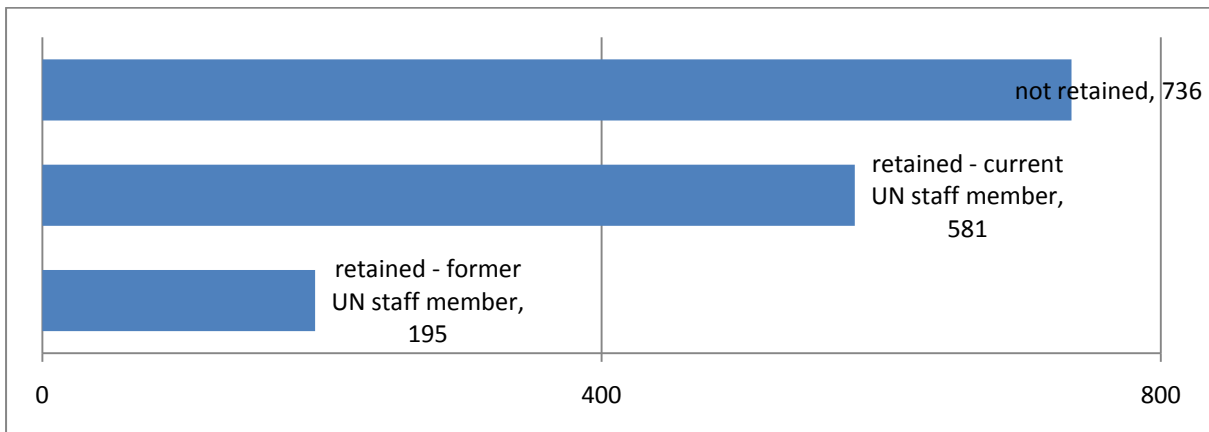

JAA Members by post-JPO UN Status

Highlights:

- The JAA members are divided into three categories:
 - “**Current UN Staff**” groups former JPOs that still work in the UN System
 - “**Former UN Staff**” groups former JPOs that worked for at least six months within the UN System after their JPO assignment but that currently have another professional activity or occupation, or that are now retired
 - “**Not retained**” groups former JPOs that did not work at all, or worked for less than six months, within the UN System after the completion of their JPOship
- At least 51% of the JAA members have been retained by the UN System after their JPO assignment
- At least 38% of the JAA members still work in the UN System

Detailed breakdown:

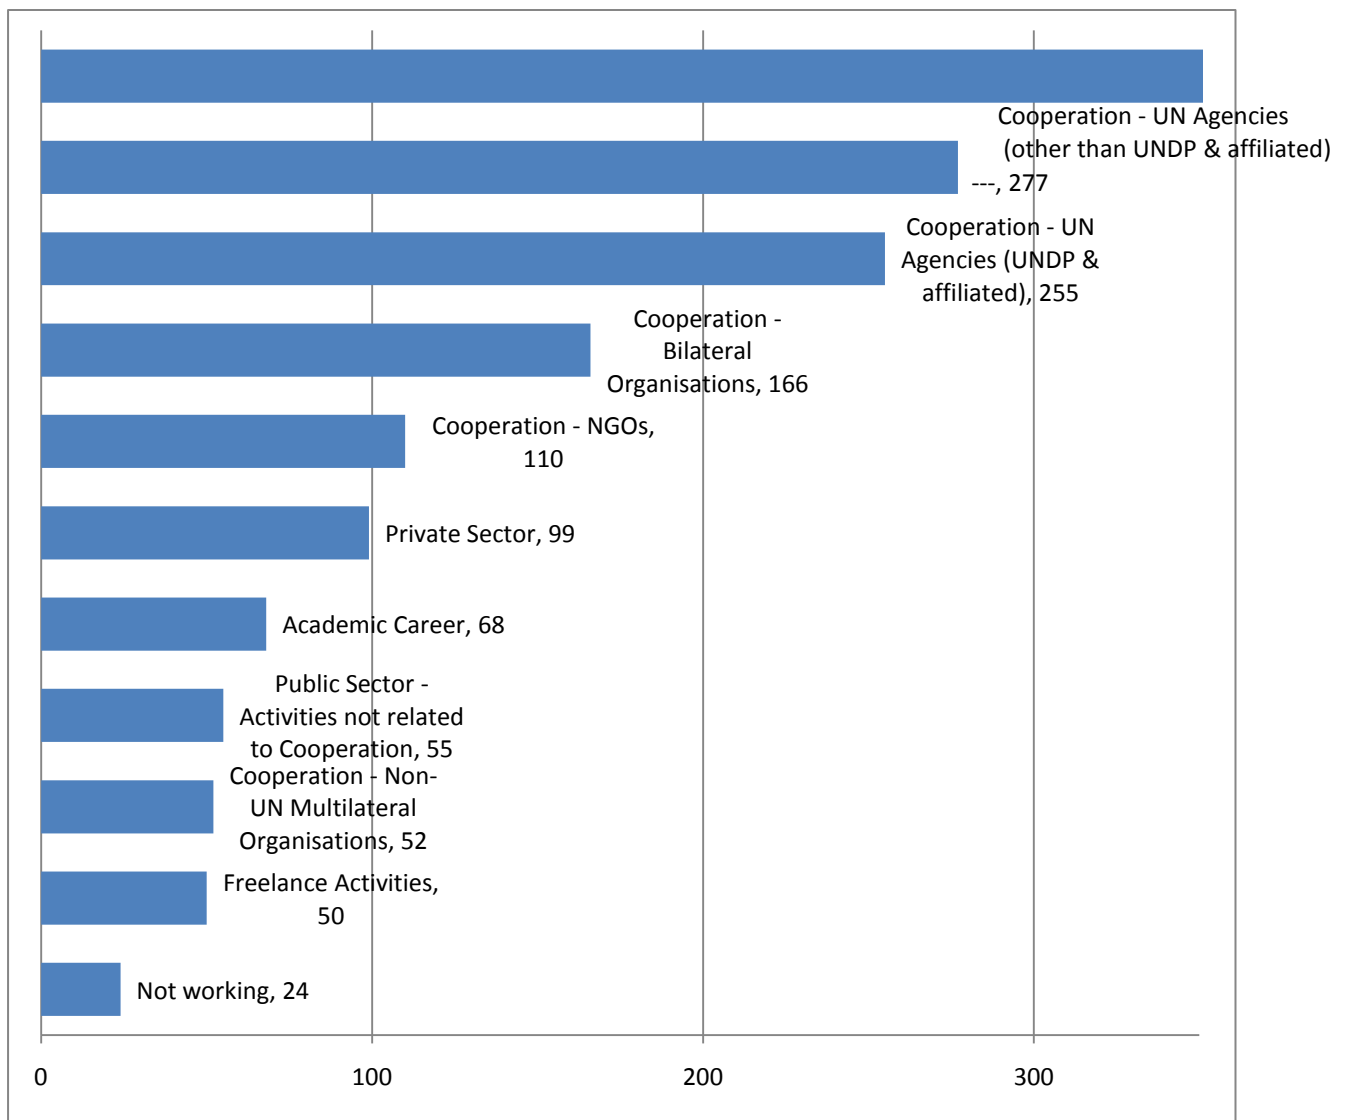

JAA Members by current Sector of Activity

Highlights:

- At least 62% of the JAA members work in the field of cooperation and humanitarian aid.
- Based on available information, only 7% of the JAA members work in the private sector.
- No information is available for 18% of the JAA group.

Detailed breakdown:

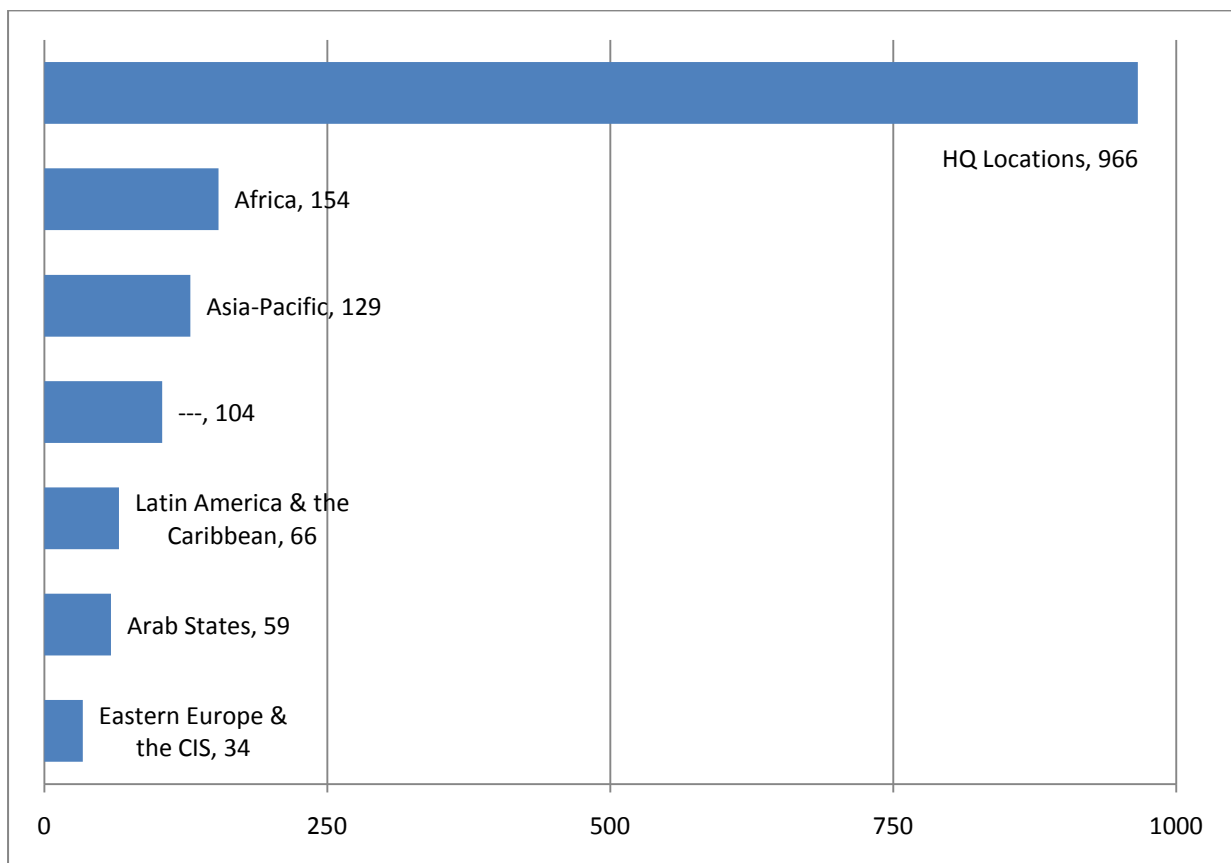

JAA Members by current Region of Residence

Highlights:

- Close to two thirds of the JAA members live in developed countries – this level remains stable over the years.

Detailed breakdown:
